Subject   Fw: Radon Flux Data Summary

Steve,

Here's the information regarding the radon flux data that we had. If you could disseminate it to those who need it on your end it would be appreciated.

Brian,

The information I promised this morning. This is data collected for the two ponds operated by Cogema and the one operated by Cameco Resources. Please treat this document as confidential, it has not been released.

Reid,

Here is a summary of the radon flux calculations for the two ponds operated by Cogema and the one operated by Cameco Resources. These are based on Bob's equations (shown in the spreadsheet).

Radon Flux Summary - CR,COGEMA.xls

Bob, please double check my calculations (it would actually be triple checking because I followed your equations). Thanks!

I'm still working on a summary paper which will include this information. (b)(5) - Deliberative Process Privilege
